A LUXURIOUS LIFESTYLE AWAITS YOU

HALDEN PROPERTIES

01 — INTRODUCTION

A slower kind *of everyday.*

Aurelle is a residence of sixteen levels in Al Furjan, drawn around light, proportion and the quiet rituals of home. One, two, three and four-bedroom residences rise above a landscaped podium of twelve amenities, a short walk from the metro and minutes from the Marina.

Every detail, from 3.65 m ceilings to Italian finishes and a single-panel smart home, is chosen for how it will feel in ten years, not ten days.
